Hyderabad.

www.iae.education

#### Commissioner Collegiate Education:

The department is created to promote collegiate education, giving special attention to the areas located in backward and rural areas, to strengthen women education at Under Graduate and Post Graduate level, to create educational opportunities for weaker sections of the society and to introduce need based vocational courses replacing the conventional courses in a phased manner.

#### Technical Education Department:

The beginning of formal and Technical education in India can be dated back to the mid 19th Century. The Technical Education Department was established in the 1957 in Hyderabad to bring about coordinated efforts for the development of Technical Education at various levels viz. ITIs, Diplomas, Degree, Post graduate and Research in specialized Technical fields.

#### JNT University, Hyderabad.

Jawaharlal Nehru Technological University was established on 2nd October 1972, doing relentless service to the society at large. It is situated at Kukatpally Hyderabad in an 89 acre campus. JNTUH has 4 constituent engineering colleges and four academic units/ schools in addition to other administrative functional units. 3 of its engineering colleges are situated in rural Telangana.

It has 291 affiliated colleges which include 199 Engineering colleges, 72 Pharmacy colleges and 20 stand alone MBA/MCA colleges having more than 3.5 lakhs students on rolls. Thus JNTUH has become a major university providing quality education in the state.

#### Institute for Academic Excellence

The Institute for Academic Excellence (IAE) is an independent academic service provider dedicated in serving the educational institutions to achieve success through developing best practices & bench marking standards in curriculum and other related aspects. The IAE promotes / suggests academic institutions in developing academic programs, strategies and methods to enhance active learning and self regulation among students. It helps the institutions in building strong Educational communities.

#### Workshop on Quality Enhancement Measures in Higher, Technical, Professional and Management Education with a special focus on NIRF Ranking.

In our country around 900 Universities and nearly 43000 higher educational institutions are offering more than 30 lakh seats at U G and P G level in different streams to students every year. But approximately 5000 institutions alone have applied for NIRF ranking in the entire country.

This meager number indicates that many Institutions have not realized the need and importance of ranking. Moreover they have not thoroughly understood on how the methodology works. This Workshop is an opportunity for academia to discuss the quality enhancement measures in Higher, Technical, Professional and Management education for achieving benchmarking standards in academics and attain holistic personality development of the students.

#### Objectives:

- i) To bring awareness about the parameters with relative weights.
- ii) To bring awareness on innovative and best Teaching Learning practices for enhancing knowledge and employable skills of the students.
- iii) To bring awareness about the quality research publications and patents.
- iv) Deliberations on inclusivity and diversity in ranking process.
- v) Discussing different outreach programs with national priority for better ranking.
- vi) Explaining the methods to enhance the perception levels of peers and other stakeholders of Higher Educational Institutions.

The deliberations of the workshop build the capacity of the institutions in data uploading process for NIRF Ranking and also helps them in identifying their score position.

#### Patrons:

**Sri Jayesh Ranjan**, IAS  
In-charge Vice-Chancellor,  
JNTU Hyderabad.
