### A TRULY GLOBAL INSTITUTIONS

#### Guru Nanak Institutions - Two Decades of Excellence in Education.

Guru Nanak Institutions is one of the largest educational groups in India with 10,000+ Students currently enrolled in various programs of studies including Engineering and Technology, Pharmacy, Business Management and Dental Science.

**The quest at GNI is to create leaders in the sphere of technology and medicine by offering world-class academics coupled with personality grooming.**

Our professional education forms the first and foremost foundation for the students, to achieve higher things in life. The best academic syllabus, the rigorous practice, the finest faculty, the lab, library / labs, libraries, the personal attention every student gets and the environment that stresses holistic development of youth transferring them to responsible citizens of the world make GNI a temple of serious higher learning.

Global partnerships are for the development of students which complements existing international commitments to foster progress towards achieving the internationally agreed development goals. For achieving this GNI has tied up with multiple universities across the globe like Deakin University, Federation University, Campbellsville University, Pittsburg State University, New York Institute of Technology, Valparaiso University, etc.

Students learn and gain confidence by interacting with others on the global platform. In 15 years, the academic history has surpassed important milestones like industry based training with 13 centers of excellence. The students acquire the learning process and parents respect the management and faculty. The corporate sector gets well trained, confident interns or potential for management cadre.

## UNPARALLELED ACHIEVEMENT

GNITC first private institution in the state of Telangana to receive the prestigious recognition from NAAC

Apart from academic blocks and buildings, 100 acres of GNI Campus contains plenty of open space, sport grounds, lawns and greens that help students to relax while they are taking time from their busy schedule. Every department is hosted in a separate block. The amenities in each building are pro-health and promote a sense of calm, making students feel at home.

GNI has set up modern, well equipped labs promoting practical experiment, research and development among the students. Science and Engineering labs are equipped with latest tools, machineries, foundries while computer labs are equipped with latest software and hardware.

GNI campus has multiple libraries including digital library with vast and comprehensive collections in science, engineering, technology textbooks, arts, literature, cultural, general knowledge, personal grooming, languages, entrance test related, cognitive thinking, e-books, e-journals, books on religion, ethics and political science for students.
